We receive many expressions of gratitude from our clients, their families, and the community. The following are excerpted from actual correspondence...

- ◆ “Thank you for visiting our office and for being part of our Diversity and Inclusion event. Your passion and dedication is very admirable and inspiring.”
- ◆

“I would like to convey my deepest thanks to you, Ms Biller and your fine organization for allowing Mr. A (pro bono attorney) to help me with my bankruptcy case...I just can't seem to say enough good things about him. Ms. Rosemary, the secretary for the Volunteer Lawyers Project was very helpful and patient with me...Your organization is doing a great service for the Long Island community. As a disabled individual with lots of complex issues, I would not have been able to afford the quality of legal representation that was provided to me.” **Client of the Nassau VLP**
- ◆ Dear Maria, “ I have been remiss in sending my profound thanks for the wonderful training you gave us last Friday. You conveyed so much helpful information and helped us all to be better advocates for those we serve. All of our Core Workers able to attend expressed their gratitude – and felt it was a very good use of time. I have already this week used the knowledge I gained to help three different Participants! So, again, our thanks for a well-organized, comprehensive training session.” **A community advocate who’s agency received an on-site training conducted by Maria Dosso.**
- ◆ “Thank you for representing me at my fair hearing with the NYS Office of Temporary and Disability Assistance...I appreciate your knowledge and dedication to my case. I am very elated with the results of the fair hearing and know that without you I would not have had the chance to let my voice be heard. **Client of the Suffolk welfare unit.**
- ◆ I hope that you and Nassau Suffolk Law Services Committee, Inc continue to support people in and around the community. Your services were very much appreciated and will be forever remembered.” **A grateful client of the Welfare Unit, Nassau.**
- ◆ “Dear Cathy, You have made a major impact on this woman’s life. She is holding her head up high...”, **The Legal Support Center For Advocates.**
- ◆ “Maria, on behalf of the Low Income Forum Committee, thank you again for presenting at the Forum on Energy. We always receive positive feedback overall from your presentations. The information on legal advocacy is an invaluable resource to the low income population on Long Island and your time and efforts were well appreciated...Sincere thanks and appreciation.” LIPA’s Low Income Forum Planning Committee . **The Legal Center For Advocates praised for participating at an on site training.**
- ◆ “I reached out to Law Services on numerous occasions. Your attorney was quick to pick up the phone, never rushed me, listened to all my concerns, and immediately returned phone calls when I was upset and in a panic mode. She never put me off, was very patient, and facilitated the recovery of the medication fee that was improperly charged to my mother. Your attorney helped me all the way...She explained the NYS adult home regulations in detail to me. Because of her, I was empowered with the knowledge so that I could keep management at the facility on their toes! Being a Senior Citizen myself, I appreciated all the help she offered, and she seemed happy to do it.” **Appreciative daughter who’s mother was served by our Adult Home Project—Bi-county Project**
- ◆ I so personally appreciate and wish to thank your attorney and social worker for their outstanding personal service on my behalf. They both are a credit to your firm. I am very grateful for their outstanding professional efforts which so achieved the positive results with respect to my case.” **Client of the Suffolk Civil Unit**
- ◆ I have Nassau Suffolk Law Services to thank for helping me through this difficult time. Without this free legal service in my community, seniors and other Long Island residents in need would not be able to afford an attorney to help them with their legal problems.”**Mr. S., Nassau County senior, served by our Nassau County Senior Citizens Project**
- ◆ “There are no words sufficient enough to convey the gratitude I have for you for your spending time at the conference with myself and my sister today. I am beyond grateful to you. You... are what all the professionals in the legal system need to aspire to be .. Dedicated, sincere, and persistent on behalf of the people they represent. I pray that all of those you have represented in the past, and all who will have that privilege moving forward, will always tell you how much you have impacted their lives for the better.” **Client of the Foreclosure Prevention Project –Suffolk.**
